Berncasteler Doctor Riesling Kabinett 2018

Produzent

Das Weingut Thanisch befindet sich derzeit in den Händen von Sophia Thanisch, die die Tradition des Weinbaus seit elf Familiengenerationen fortführt. Der Schwerpunkt liegt ausschließlich auf Riesling aus Bernkasteler Weinbergen. Einige der Reben sind noch originale, unverpfropfte Unterlagsreben, was ihre große Begeisterung auf den Weinkarten berühmter Restaurants in aller Welt erklärt.

Jahrgangsbericht

2018 was a climatically unusual year, with lots of sun from spring to autumn. It seemed like summer would never end when temperatures showed 27 ° C, even in October. The high temperatures made the harvest, which started on September 17th, earlier than ever. Due to hardly any rain, they had a long picking period and were able to harvest healthy, ripe, golden shining grapes that promise a very attractive 2018 vintage.

Charaktereigenschaften

citrus notes, hint of balmy aroma
nice interplay of sweetness and acidity, delicious aftertaste
Asian dishes, starters and light entrees

Fakten
